## Train Rides

May - December

Climb aboard our newly converted open air passenger car and open window coach to take a 40 minute ride throughout our rail facility and down to the bridge over Sugar Creek. Do you want to see how it's done? How about riding the jump seat in the locomotive cab? And don't forget our Santa Trains in November & December!

## Throttle Time

May - October

Have you ever wondered what it would be like to run a a train with a 2,000 horsepower locomotive? Or wanted to peek under the hood to see how it works? ORHS would like to give you the opportunity to do so. To big to handle? We also offer the same program to learn to run one of our speeders.
